

METROHEALTH MEDICAL CENTER — CENTRAL PHARMACY OPERATIONS

PHARMACEUTICAL PRODUCT QUALITY COMPLAINT & DEFECT LOG

Standard Operating Procedure QA-PHARM-402 — Mandatory Supplier Incident Notification

1. COMPLAINT & PRODUCT IDENTIFICATION

COMPLAINT ID: PQC-MH-2025-088	DATE LOGGED: 17-NOV-2025	DISCOVERY AREA: Central Inpatient Unit-Dose Packager
PRODUCT NAME: Cardioril 10mg Film-Coated Tablets	LOT / BATCH: Lot #BL-8802	EXPIRATION DATE: 11/2026
PACKAGE TYPE: 10-tablet push-through blister cards	QUANTITY AFFECTED: 12 cartons (360 strips / 3,600 tablets)	DISPOSITION: [X] 100% Stock Quarantined in Vault

2. DEFECT INVESTIGATION & PHYSICAL FINDINGS

DEFECT CATEGORY: Packaging Integrity Failure & Chemical Oxidation / Degradation.

DETAILED DESCRIPTION: During automated inventory intake inspection, pharmacy technicians noted widespread packaging seal failures in Lot #BL-8802. The aluminum lidding foil was unsealed and peeling away from the clear PVC/PVDC thermoformed cavities along the top margin of multiple blister strips. Enclosed 10mg tablets exposed to ambient humidity exhibited severe surface degradation: dark yellowish-brown speckling/oxidation, softening, edge chipping, and friability breakdown.

PATIENT IMPACT ASSESSMENT:

- Were any affected units dispensed to patients or wards? **NO (Zero patient exposure).**
- Adverse clinical reactions reported: **NONE / NOT APPLICABLE.**
- Immediate Corrective Action: All 12 wholesale boxes immediately placed in locked quarantine under Quarantine Seal #Q-2025-094. Manufacturer alert dispatched requesting immediate replacement and return authorization.

3. COMPLAINANT / PHARMACY CONTACT

COMPLAINANT: Robert Vance, PharmD, BCPS (Director of Pharmacy Operations)
MetroHealth Medical Center — Department of Pharmacy
2500 MetroHealth Dr, Chicago, IL 60609 | Tel: (312) 555-0140 | Email: rvance@metrohealth-pharmacy.org
